Key Features and Benefits of Membership

■ Monthly Programs

Monthly programs provide ASTDGG members with outstanding professional development opportunities. Generally held on Tuesday or Wednesday evenings, the events feature networking time, refreshments and a presentation by an expert in the field

■ Workshops, Seminars and Conferences

Professional Development programs are held throughout the year in addition to our monthly events. These in-depth programs are tailored to new professionals and seasoned practitioners alike. Members receive advance email notices with all the information and registration details.

■ Special Interest Groups (SIGs)

Golden Gate Chapter Special Interest Groups represent one of the many ways to grow professionally and personally, to network, learn new trends and industry direction, and to take useful information back to your organization.

Our SIGs provide a great opportunity for you to become personally involved in our chapter while you focus on your own area of special interest.

■ Networking Events

Held throughout the year, Networking events offer featured speakers, ice breakers, and a chance to get better acquainted with other members in a supportive and friendly setting.

■ Community Outreach Program

The Golden Gate Chapter Community Outreach Program (COP) serves non-profit organizations in the San Francisco Bay Area.

The COP is a win-win proposition for both the non-profits receiving the services and for our members. Bay Area non-profits benefit from receiving quality training from knowledgeable learning and development professionals. Chapter members benefit by having the opportunity to develop skills and deliver training and expertise while at the same time giving back to the community.
